Continuing Education Opportunities

The St. Louis Medical Librarians are offering continuing education classes during the Midcontinental Chapter of Medical Library Association Annual Meeting on October 10 and 11, 2006. Several classes being offered are for non-medical librarians. Classes will be held either at Washington University Bernard Becker Medical Library or at the Crowne Plaza - Clayton. Please see the enclosed flyer for class offerings and cost. Registration information for the class is available at: <http://www.slml.org/mcmla06>

Class registration begins August 1, 2006. If you have questions about the classes, then please contact Cathy Sarli at sarlic@msnotes.wustl.edu.

Continuing Education Classes

- ✓ Check out the management and business classes for non-medical librarians

Tuesday October 10, 2006

All day (8 am to 5 pm)

- ✓ Business Reference and Competitive Intelligence Resources on the Web with Diane Kovacs

This class offers in-depth training on using core business reference and CI tools that are Web-accessible.

Wednesday October 11, 2006

All day (8 am to 5 pm)

- ✓ Integrating Learning with Work: Designing the 21st Century Learning Library with Julie Todaro, Ph.D.

This class provides a vision for the library as a learning organization and offers practical instruction in how to achieve this goal in your own institution.

- ✓ Measuring Your Impact: Using Evaluation to Demonstrate Value with Betsy Kelly and Maryanne Blake

Participants will become familiar with assessment, evaluation planning, creation of logic models, and data collection.

Expert Searching for Nursing and Allied Health with Peg Allen

This class is for health sciences librarians who want to improve their knowledge and skills as expert searchers on nursing.

Half Day—(8 am to Noon)

- ✓ Network and Security Primer: A Technical Discussion for Non-Technical Staff with Paul Schoening

This class will provide an overview of the terminology and issues associated with the networked world.

- ✓ It's About Space, It's About Time: File and Time Management with Lynne Fox

This class will provide strategies for managing time and staying organized using electronic and paper tools.

- ✓ Creating Success: How to Get What you Want with Frank and Lisa Traditi

This class, taught by a librarian and a business coach, will show you how to combine librarianship with proven business techniques and put them to work in your institution.

Half Day—(1 pm to 5 pm)

- ✓ Thinking Like a MBA: Time, Money, Resources and Change Management in the Library with Marty Magee

This class will explore project management, time, money, resources and change management.

Introducing Bioinformatics: A Primer for Librarians with Diane Rein, Ph.D.

This class will introduce bioinformatics from an historical perspective, placing events into context as to how the current databases/resources evolved and why they are on the Internet in the format and location they are today.

Institutional Review Boards: Research Ethics and Regulatory Compliance with Anna Iltis, Ph.D.

This class will focus on human research from the perspective of ethics and regulatory compliance.
